

This Sinclair  
Broadcasting issue  
is very bad. It is  
clear to me that  
Sinclair is  
violating it's  
agreement to trade  
their licensing  
previlages for  
serving the public  
good. This is not  
done through  
childhood  
programming, public  
service airtime and  
now ESPECIALLY this  
one-sided  
contribution to the  
Bush campaign.

If the Sinclair  
group wants to air  
this they can  
inverst in cable  
channels. As long  
as they are on  
public airwaves  
these actions should  
be condemned.

Please complete your  
purpose gracefully  
and represent me, a  
citizen of this  
great country.
